

## MEMORIAL IN MEMORY OF LIEUT. LOUIS M. BENNETT

---

JANUARY 17, 1925.—Referred to the House Calendar and ordered to be printed

---

Mr. LUCE, from the Committee on the Library, submitted the following

### REPORT

[To accompany H. J. Res. 319]

Mrs. Louis M. Bennett, of New York City, wishes to give to the people of the United States a memorial to the aviation officers of the Army, Navy, and Marine Corps who gave their lives in the course of the World War. Her son was an officer of the Air Service of the Army and was killed in France after destroying two German balloons. She has already placed memorials to him in England and France. That which she wishes to place here is the work of one of America's leading sculptors, Augustus Lukeman, and it is believed will be a distinct ornament to the Capital. As usual, the bill provides for approval by the Joint Committee on the Library, which acts under the advice of the Commission on Fine Arts, and the location is also subject to the usual approval.

Your committee recommends the acceptance of the gift.
